A team manager will require the same commitment as the athletes on the team. The manager is required to attend all practices, games and tournaments. Managers are responsible for all uniforms, equipment, water bottles and first aid equipment. Duties will extend a week after the season as you are responsible for the collection and inventory of all uniforms after the season is over. Team managers are also responsible for working the scoreboard during home games and tournaments, keeping statistics, keeping track of team and player records. The team manager will report to team coaches and the athletic director.

I understand the requirements and am able and willing to fulfill them to the best of my ability.
